

FOR WHOM IT MAY CONCERN

Dear Sir/Madam,

RE: IMS DRYLINING LTD – LETTER OF RECOMENDATION

IMS Drylining Ltd are currently carrying out various projects for ourselves by carrying out the Internal Partitions, Drylining, Plaster, Render & Ceilings packages individual total values of which ranging up-to circa four hundred thousand pounds.

These said projects are of a high profile nature with demanding clients and when procuring all sub-contractors, quality amongst other factors is at the foremost of our considerations.

To this end both our clients and ourselves are extremely pleased with the standards of quality IMS have produced on site to date.

Overall, via their well supervised onsite & offsite team, IMS have provided a professional user friendly service both operationally & commercially with health and safety always at the forefront of their operations and I would have no hesitation in recommending them for future projects for any organisation considering the same.

Yours faithfully

David Harry  
Commercial Manager – Harry Fairclough Construction Ltd
