Hi Ian,

Thank you for your email. The new build at Llay was handed over on 10 February 2012 and everyone is extremely pleased with the building.

We are particularly pleased with the partitioning and finishing work carried out by IMS, which has created an extremely impressive result. IMS worked around some tricky details to achieve an excellent finish.

I've attached a couple of photos for your info...

We would definitely consider this system for future schemes.

Regards and thanks,

Su
